Von Buelow Says the War Must Be Fought Out. Germans Capture 3,000 Russians.

[By Associated Press.]

London, Nov. 4.—The Franco-British allies of Serbia have become active in Macedonia, gaining, it is reported, a success at Istip.

Berlin admits Serbian success at the Nishava river, where the Bulgarians were thrown back by "superior forces."

The invaders are but twelve miles from the Serbian temporary capital. The Russians are concentrating forces at Rani, a Bessarabian port, whence it is expected they will make a direct landing in Bulgaria.

Petrograd says Field Marshal von Hindenburg, despairing of the capture of Riga and Dvinsk, is preparing to go into winter quarters on his present positions.

The French claim the recapture of advanced trenches in the Champagne district.

Additional French troops are being landed at Salonika.

King Peter of Serbia is reported en route to the battle front to encourage his troops and take the news that allied aid is coming.

An Albanian revolt in Serbia is reported by Rome. This would menace the retreat of the Serbian army.

Athens, Nov. 4.—The Zaimis Cabinet resigned today. The immediate cause was a remark made by Minister of War Yanakitsas, to which former Premier Venizelos demanded an apology. A vote of confidence then followed and was lost. The Chamber adjourned until a Cabinet is formed.
